

PRINCESS MAY

news!

30th January 2026 | Princess May Primary School, Hackney

HEAD'S MESSAGE

Dear parents and carers,

We are happy to announce that the heat pump works that have been underway at the school are finally in the last stages and that the internal decoration of the school is now well underway. This means that we are able to restart our parent and carer events, starting with lesson visits to your child's classrooms and the opportunity to attend your child's class assembly. These have been included on the key dates section below and placed on the parent noticeboard. We will be in touch with individual year groups to confirm exact timings via email, so please do ensure our messages from Arbor do not go to your junk mailbox.

The application deadline to apply for reception 2026 has now passed, however we are able to accept late applications. If you do know anyone who would be interested in applying, then please get in touch with the school office. We also have an excellent nursery provision which accepts applications all-year-round, from age 3. Children are able to join on the day of their 3rd birthday.

Thank you for supporting us with school streets. There has been a noticeable reduction in the number of cars both driving down and parking on Princess May Road. If you do see someone parking during drop-off and collection, why not mention that there is a school street in operation? Feel free to mention this to us on the gate also.

Have a great weekend.

Mr Reynolds
Headteacher

World of Work (WOW) Week 2026!

From **Monday 9th February to Friday 13th February** all pupils from **EYFS-Year 6** will be exploring different careers and industries through a variety of interactive sessions, workshops, and educational trips during WOW week. Your child will be sent home with a trip letter today with details about the excursions and sessions they will be participating in.

Activities planned for the week include:

- Visits to local businesses and theatres
- Hands-on workshops to develop new skills
- Opportunities to meet professionals from a range of careers
- Some interactive activities where students may be involved in fun role-play experiences

MATHEMATICS

This week's Maths Star is **Jaylan (5EY)** correctly worked out the perimeter and area of a rectilinear shape by adding all the outer sides to find the perimeter and using the correct method to calculate the area. Great maths thinking and effort shown in the lesson!
