

In **Geography** we will be learning about:

The differences between villages, cities and towns. We will learn about natural resources including energy, food, minerals and water.

In **Science** we will be looking at:

Plants

Pupils should be taught to:

- identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers
- explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant
- investigate the way in which water is transported within plants
- explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.

In **Computing** we are focussing on...

We are **programmers (Unit 3.1)**

In **D&T** we will be creating structures to go with our Science and Literacy unit.

Explore

This half term will be our **Geography** focus :

Villages, Towns and Cities

General information for parents e.g. home learning, research needed to be done etc...
