School

As a school, we agree to:

- Promote new routines and health and safety behaviours, in order for everyone to succeed as learners and human-beings.
- Encourage adults/ children to wash hands thoroughly for 20 seconds with soap and water or use the hand dispensers provided on arrival at the setting, before and after eating, and after sneezing or coughing.
- Promote good respiratory hygiene by following the guidance of **'Catch it; bin it; kill it'** (e.g. using a tissue when sneezing and coughing).
- In light of COVID 19 and our existing Behaviour Policy, any malicious, deliberate acts of transmission, will be treated with the greatest seriousness.
- A thorough cleaning of the rooms each day, including frequently touched surfaces.
- Ensure that children are in the same small groups at all times each day.
- Ensure that the same teacher(s) and other staff are assigned to each group and, as far as possible, these stay the same during the day.
- Ensure that wherever possible, children and adults use the same classroom or area of a setting throughout the day.
- Encourage children and adults not to touch their mouth, eyes and nose.
- Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and aid ventilation.
- Ensure that toilets do not become crowded by limiting the number of children who use the toilet facilities at one time.
