Princess May Primary School

EDUCATIONAL VISITS OVERVIEW

2026–2027

11 BEFORE 11

We believe that it is not only important to provide exciting experiences within the school but to also explore the wider world, in particular the London area, to enhance children's broader learning. 11 B4 11 are eleven important experiences for children to benefit from before they leave primary school at the age of 11. We recognise that these can represent extra expense and we fundraise enthusiastically to support parents with the cost of all these experiences.

Every half term, each child is entitled to an educational visit or workshop. We believe it is important to provide a wealth of experiences for our pupils! Trips marked ★ **11 B4 11** are part of our flagship 11-before-11 programme.
